

WISH ENROLLMENT FORM FOR:

Goldsboro High School and Wayne School of Engineering

901 East Beech St
Goldsboro, NC 27530
(919) 739-8266

Dear Parent:

Wayne Initiative for School Health (WISH) advocates for the health of children and addresses a broad range of needs. Our purpose is to provide affordable, accessible, physical, mental/preventive health services to adolescents.

The WISH Health Center here at Goldsboro High School/Wayne School of Engineering is located on the campus of GHS, and is open Monday through Friday during school hours. The staff includes a full time Registered Nurse, a Nurse Practitioner, preventive and mental health counselors and additional support staff.

Students with health insurance or Medicaid coverage will be asked to provide information to allow for billing of nurse practitioner services. **WISH can now bill Blue Cross Blue Shield.** There will be **no charge** for registered nurse services and no sick child with a signed consent form will be turned away.

The goal for WISH is to help Wayne County students succeed in school by promoting healthy lifestyles, and providing comprehensive health care to meet the needs of all students including, but not limited to annual physical examinations, address chronic and acute medical conditions, immunizations and referrals for nutrition, health education and counseling services. Medical information will be updated with your child's primary care provider.

If you have any questions or concerns, please contact us at the WISH Health Center at (919) 739-8266. We appreciate your interest and support in the WISH program by returning this completed form.
